

# Perar Product Range

## Trunnion Mounted Side-Entry Ball Valves

Side-Entry Ball Valves represent the basic design standard of PERAR trunnion mounted valves covering a wide range of sizes and pressure classes.

### General characteristics:

- 2 or 3 pieces side entry design with trunnion mounted or support plate configuration
- Design per API 6D or API 6A
- Full Bore and Reduced Bore design
- Flanged, Welding or Hub Ends
- Bi-directional sealing
- Fire-safe design

**Model:** EC  
**Size:** 1/2" to 4"  
**Pressure Classes:** ASME 150# to 2500#  
API 6A 3000 to 15000  
**Temp. Range:** -196°C to 400°C

**Model:** EB  
**Size:** 4" to 68"  
**Pressure Classes:** ASME 150# to 2500#  
API 6A 3000 to 15000  
**Temp. Range:** -196°C to 400°C
