AB VALVES
GmbH

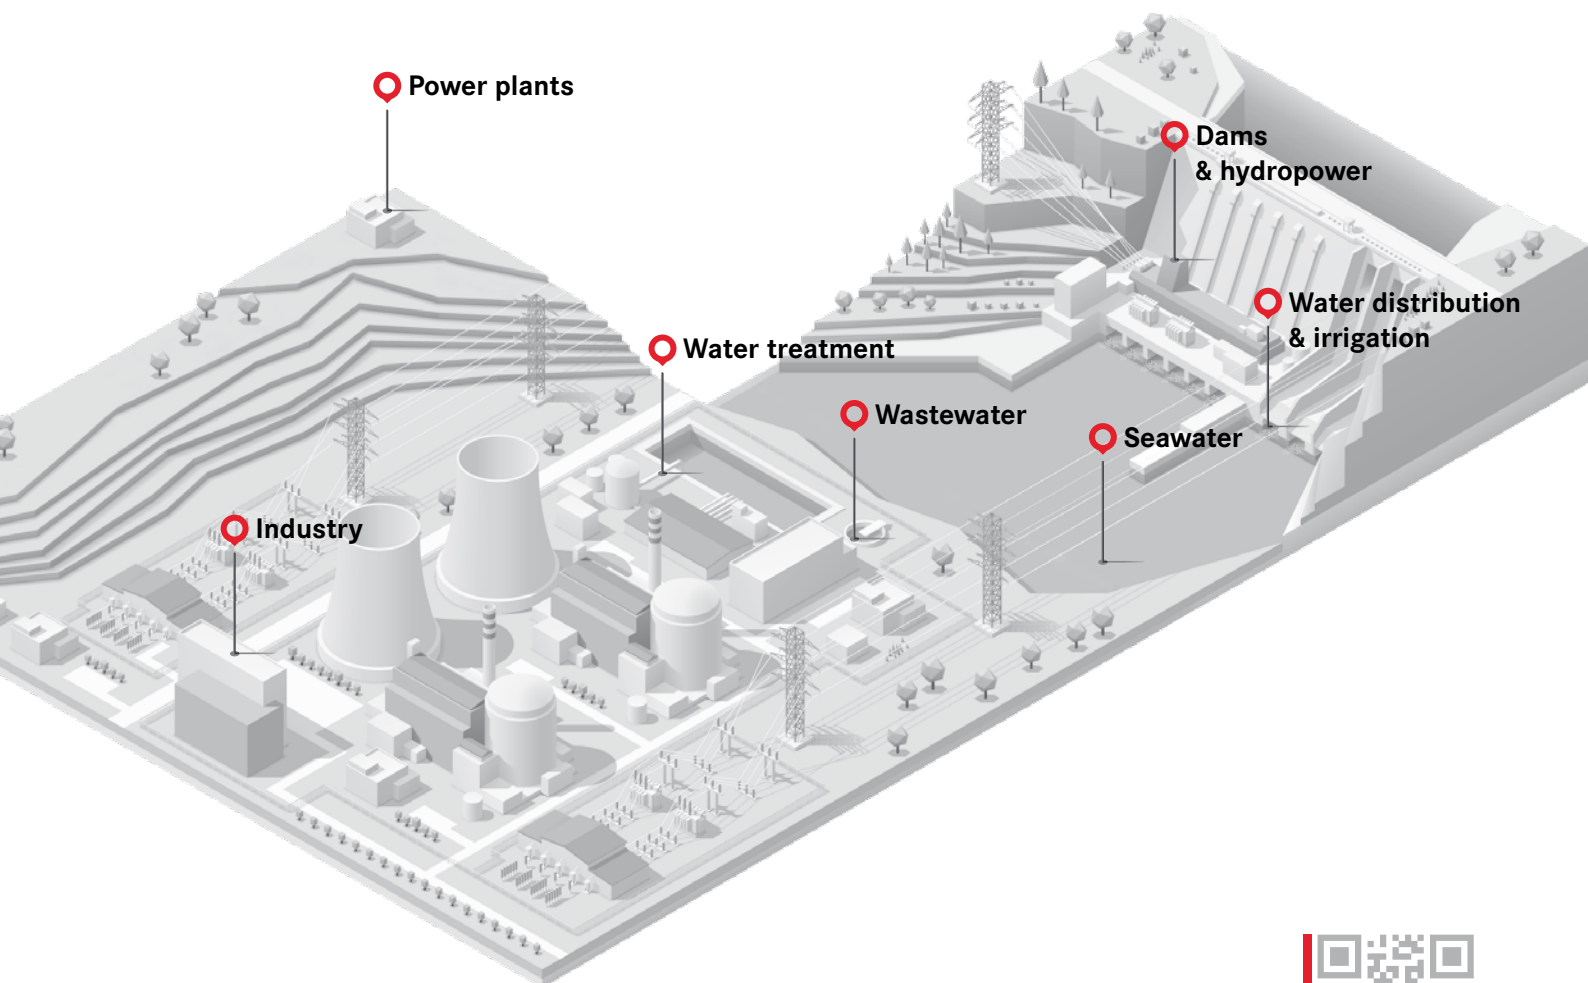

AB VALVES GmbH

Our Products in use

AB valves are used in a variety of applications to perform a wide range of tasks.

Optimum functionality, durability and reliability are the basic requirements for our products, all of them made to the highest German quality standards. AB valves are of high quality and easy to maintain, and therefore economical.

The extensive AB product range, which includes large nominal diameters and a whole series of special valves, provides solutions for a wide variety of applications.

Butterfly Valves

Butterfly Valve
Flanged Type

DN	PN
100 - 3000 mm	6 - 40 bar

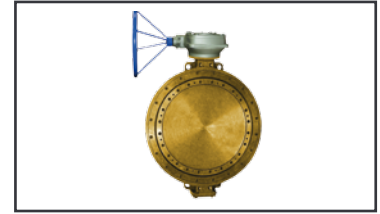

Butterfly Valve
with By-pass

DN	PN
500 - 1400 mm	6 - 40 bar

Butterfly Valve
Wafer Type

DN	PN
50 - 600 mm	6 - 16 bar

Butterfly Valve
for Seawater

DN	PN
50 - 1200 mm	6 - 25 bar

Non-Return Valves

Check Valve
with Lever and Counterweight

DN	PN
100 - 1800 mm	10 - 40 bar

Check Valve
with Oilbrake

DN	PN
100 - 1800 mm	10 - 40 bar

Swing Check Valve

DN	PN
50 - 300 mm	10 - 16 bar

Nozzle Check Valve

DN	PN
100 - 1500 mm	10 - 40 bar

Air Valves

Double Chamber Type

DN	PN
100 - 250 mm	10 - 40 bar

Single Chamber Type

DN	PN
50 - 200 mm	10 - 40 bar

Disc Type

DN	PN
200 - 1000 mm	10 - 40 bar

For Sewage

DN	PN
50 - 200 mm	10 - 16 bar

Gate Valves

Soft Seated Type

DN	PN
50 - 400 mm	10 - 16 bar

Metal Seated Type

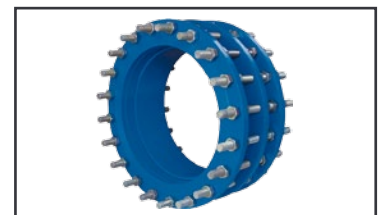

DN	PN
50 - 400 mm	10 - 40 bar

Knife Gate Type

DN	PN
50 - 600 mm	6 - 10 bar

Dismantling Joints

Dismantling Joint Type
F1 or F2

DN	PN
50 - 3000 mm	6 - 40 bar

Automatic Control Valves

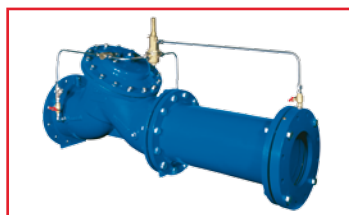

Pressure Control Valve

DN	PN
50 - 1000 mm	10 - 40 bar

Pump Control Valve

DN	PN
50 - 1000 mm	10 - 40 bar

Flow Rate
Control Valve

DN	PN
50 - 1000 mm	10 - 40 bar

Globe Valve

DN	PN
50 - 1000 mm	10 - 25 bar

Special Valves

Plunger Valve

DN	PN
400 - 2000 mm	6 - 25 bar

Needle Valve

DN	PN
100 - 1800 mm	10 - 40 bar

Hollow Jet Valve

DN	PN
600 - 2000 mm	6 - 25 bar

Hydraulic Butterfly Valve

DN	PN
400 - 3000 mm	6 - 25 bar

Strainers

Strainer Y-Type

DN	PN
50 - 300 mm	10 - 25 bar

Strainer T-Type

DN	PN
150 - 1600 mm	10 - 25 bar

Hydrants

Above-Ground Hydrant

DN	PN
80 - 100 mm	10 - 16 bar

Underground Hydrant

DN	PN
80 - 100 mm	10 - 16 bar

Actuators and gearboxes

auma® FESTO

Where required by their function, AB valves are supplied with Auma gearboxes and handwheels as standard. Alternatively, AB valves can be equipped with Auma electric actuators or Festo pneumatic actuators, and if required can also be supplied with the appropriate controls.

Custom-made products and accessories

In addition to the wide range of standard products, AB VALVES also provides numerous products with individual customer specifications regarding material, design, lengths and flange connections. The valves can be supplied with matching spindle extensions, floor pedestals and other accessories. AB Control Valves can be used for a wide variety of control tasks such as stabilization, reduction of pressure, regulation of flow rate and limitation of water level. They can also be designed to control a combination of parameters as required.

AB VALVES the plus of precision.

YOUR WISH IS
MY COMMAND

I AM RELIABLE AND EFFECTIVE —
\$\$\$ BUT STILL AFFORDABLE! \$\$\$

THANKS TO MY HIGH-QUALITY
WORKMANSHIP, EVERY DROP GETS
FROM A TO B WITHOUT ANY LOSS

I AM MADE OF ONLY THE BEST
+ MATERIALS!

ME AND MY WORK +
ARE MUCH ADMIRER —

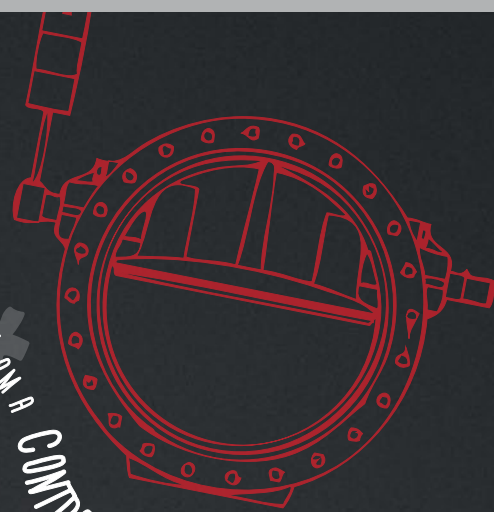

WORLDWIDE!

I PROTECT cities and whole countries
FROM DAM FAILURE AND OVERFLOWING!

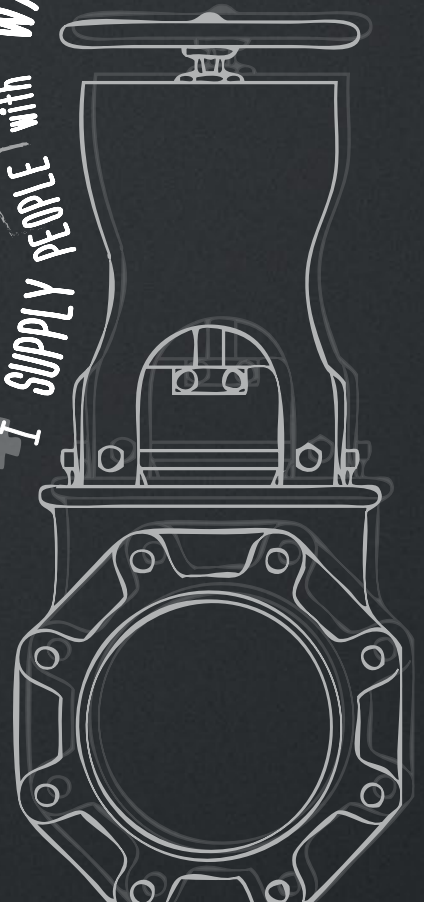

I AM A CONTROL FREAK —
THROUGH ME, THE PLANET'S
MOST VALUABLE RESOURCE GETS TO
EXACTLY WHERE IT IS NEEDED!

WATER! ~~~

I SUPPLY PEOPLE WITH

For better flow
and better service.
